```
1 require_relative "../medirecord/user/patient"
2 require_relative "../medirecord/library/functions"
3 include Lib
4
5 #patient = Patient.new
6 # puts patient
7
8 #1 display emergency message
9 puts "If this is an emergency, please call 000."
10
11 #2 create 2 files programmatically
12 doctor_filename = "data/doctor.json"
13 patient_filename = "data/patient.json"
14
15 Lib::file_exists?(doctor_filename)
16 Lib::file_exists?(patient_filename)
17
```
